**Technical Skill Development • Tactical Instruction • Repetition Training Techniques
Small-Sided Play • Competitive Games - Including World Cup Tournament Play**

Besides having lots and lots of fun, players will be taught passing, shooting, dribbling and ball control techniques as well as offensive and defensive tactics for the older players. The camp will focus on technical training and small sided games and finish with competitive game play or a skills competition. Each camper will receive **a camp t-shirt, daily prize giveaways, and an MSA camp ball!**

If a minimum of 8 campers indicate they want exclusive goalie training, **Goalies** will receive **individual training** by a licensed keeper. Key concepts of positioning and angles, shot stopping, distribution, and footwork will be emphasized.

Agility training helps kids develop speed and coordination in a fun environment. Ladders, rings, cones and hurdles with a combination of agility competitions, races and challenges will be fun and beneficial for every camper. Camp Director Coach Gidman selects only the best players and teachers from the area to work with the campers. Sign up early as there is limited space, and you will not find a more professionally run soccer camp for the price! We look forward to seeing you!
