- NOVEMBER 1ST** - **Final Games**

* **YOUTH MODULES 1 AND 2** - The content of youth modules is the same as the US Youth Soccer National Youth License and is age specific. The course duration is approximately three hours. The Youth Module 1 focuses on the U6 and U8 age groups. The Youth Module 2 focuses on the U10 and U12 age groups. The focus of youth modules is for the parent coach that has little or no experience in the game of soccer. The course offers "hands on" activities as well as covering characteristics of children, philosophy, organizing a lesson plan, care and prevention, and risk management. There is no testing.

Youth Module 1 and Youth Module 2 courses are free for Indiana Youth Soccer member organizations. (FREE for MSA coaches!) Non-member fee is \$25 per coach.

** **USSF E CERTIFICATION COURSE** - This course is for coaches who will be coaching the U10-U14 player and provides general instruction for coaching and organizing your team. The course includes an introduction to the methodology of coaching and the four components of coaching soccer: Technique, Tactics, Fitness, and Psychology. Field sessions concentrate on developing technique within small-sided games that also present problems for players to solve within the game. Course duration is 18 hours. There is no testing.

The E License course is free for Indiana Youth Soccer member organizations. (FREE for MSA coaches!) Non-member fee is \$125 per coach.
